

Product Discontinuation Notice

Protégé ZM Test Station

Details

The purpose of this document is to advise that from 1st July 2021, Teledyne Gas Measurement Instruments Ltd. (Teledyne GMI) will discontinue production and distribution, due to component obsolescence, the following:

- **Protégé ZM Test Stations (both, Portable and Stationary)**

Part numbers affected

096-3467-01	Protégé ZM Test Station – Portable (Americas / APAC)
096-3467-02	Protégé ZM Test Station – Stationary (Americas / APAC)
2025941	Protégé ZM Test Station – Portable (EMEA)
2025942	Protégé ZM Test Station – Stationary (EMEA)

Recommended replacement product

There are currently no direct replacements for the products affected. (A suitable replacement is planned for release later in 2021.)

It is recommended that the IR Connect package (software and IR dongle) is used to perform manual testing and calibration of individual instruments.

Support and maintenance

Teledyne GMI will continue to provide customer support and limited repair services (dependent on the availability of spare parts) for the affected products. Discontinuation of these services will be communicated in a future Service Bulletin.
